

## OBJ 35 single-side longitudinal cutter

### Technical details:

Max. board length	6 m (3)
Max. board thickness	65 mm
Main engine	5,5 kW
Circular saw diameter	350 mm

*The cutter is equipped with two gears that allow for longitudinal cutting of boards up to 20 and up to 36 cm wide. The use of movable splitting wedges means that the cutter can perform cuts in both directions.*
